Start to install the Dexwet filter on C in Jan,10th,2006

At the ① photo, we found clear effort of the catching toner dust from observation from the back side of Dexwet filter.

②and ③photo : toner and fiber object attached on the filter rod.

【chronological order though 1st week to the 4th week. We clearly find out the effect of dexwet filters.

We also found out the captured object is not only toner dust but other fiber object.
